### Just Enough Physiology (Mayo Clinic Scientific Press) By James R. Munis

Launched on *Oxford Medicine Online* in 2012, with the full-text of eight *Mayo Clinic Scientific Press* (MCSP) print titles and a bank of multiple-choice questions, *Mayo Clinic Toolkit* provides a single location for resident, fellow, and practicing clinicians to undertake the self-testing necessary to prepare for, and pass, the Boards.

*Just Enough Physiology* takes the user on a guided tour of cardiopulmonary physiology. They will discover how the heart, lungs, and circulation work in extreme environments so that they are better equipped to understand how they function-or malfunction-at the bedside, in the operating room, or in the intensive care unit. *Just Enough Physiology* will prepare all students and physicians-in-training for Board Exams while also teaching them how to think like a physiologist.

Highlights of *The Mayo Clinic Toolkit* include:

- Each title is presented in an enhanced format, allowing the enlargement and download of all figures and images, and linking to external sources referenced in the text.
- The multiple-choice questions are designed to mirror those in the Board exam for realistic preparation; they also link back to the relevant title, and allow the user to measure their development through the recording of practice-exam success.
- It can be accessed on a range of internet enabled devices, giving residents, fellows, and practicing clinicians the choice to study in locations which suit them
- Subscription lengths range from 1-month to a full year.

Combining two complimentary resource types into a single location, with enhancements to the print works, the flexibility to choose where and when to study, and the ability to monitor revision progress, *Mayo Clinic Toolkit* is truly the go-to site for Board preparation.
