## Lineages of Revolt: Issues of Contemporary Capitalism in the Middle East

By Adam Hanieh

While the outcomes of the tumultuous uprisings that continue to transfix the Arab world remain uncertain, the root causes of rebellion persist. Drawing upon extensive empirical research, *Lineages of Revolt* tracks the major shifts in the region's political economy over recent decades. In this illuminating and original work, Adam Hanieh explores the contours of neoliberal policies, dynamics of class and state formation, imperialism and the nature of regional accumulation, the significance of Palestine and the Gulf Arab states, and the ramifications of the global economic crisis. By mapping the complex and contested nature of capitalism in the Middle East, the book demonstrates that a full understanding of the uprisings needs to go beyond a simple focus on "dictators and democracy."

### Editorial Review

#### Review

“More than three years after the beginning of the uprisings in the Arab world, one is scarcely able to find a commentator with anything good to say about them—least of all one on the Left ... Adam Hanieh’s *Lineages of Revolt* is a bracing corrective to this sort of thinking and deserves its place on the bookshelves and reading lists of students of the region and activists alike. Both meatily empirical and sharply theoretical, Hanieh’s book dispatches several of the clichés that inform the study of the political economy of the Arab world ... *Lineages of Revolt* is, in short, a masterful achievement.”

—Jaime Allinson, *WorkingUSA*

#### Praise for Capitalism and Class in the Gulf Arab States

“This important, original work should be read by anyone with an interest in the political economy of the Middle East.” —Middle East Research and Information Project (MERIP).

"Hanieh's groundbreaking book argues that we should not view the Gulf Arab states as anomalies in the worldwide economy."

—*Arab Studies Journal*

"Insightful, timely, and welcome...the analytical framework and substantial data he puts forward in the book will help readers map out the current and future processes of regional integration, class formations, and contradictions, and to situate these processes within the wider global political economy."

—*International Socialist Review*

#### About the Author

Adam Hanieh teaches Development Studies at the School of Oriental and African Studies (SOAS), University of London (UK). He is author of Capitalism and Class in the Gulf Arab States (Palgrave-Macmillan, 2011).
