## **Editorial Review**

### **Amazon.com Review**

This is the second collaborative effort of Scott and Norman, described by the authors as a collection of "genuine, if gentle, chills in a section of the country not known for its gothic mansions...or abandoned ghost towns." While this book didn't give me nightmares, its stories are told in an engaging voice. Some are humorous, some intriguing but all are entertaining.

### **From School Library Journal**

YA Over 150 true ghost stories from America's Midwest are collected in this excellent, easy-to-read book. Scott and Norman make the stories short and to the point without extensive atmosphere or characterizations. The stories are believable and leave readers questioning whether or not parapsychology is the inexact science that it is considered. Robert Lombardi, Prince George's County Public School System, Md.
