### Editorial Review

#### Amazon.com Review

Every *Star Wars* fan knows that *Slave I* is Boba Fett's tricked-out bounty-hunting ride. But how many know about its short-lived successor, *Slave II*? And what average fan has ever laid eyes on an Imperial MT-AT walker? (Imagine a huge, arachnid AT-AT.) Heck, most SW buffs will even try to tell you that Vader's Super Star Destroyer is the biggest bad-boy this side of the Battle of Endor. Not likely: Emperor Palpatine's probably got bigger shuttlecraft on his 17.5-kilometer-long *Eclipse*-class ship.

Bill Smith's illustrated *Essential Guide to Vehicles and Vessels*--a veritable blue book for the *Star Wars* universe--lets you kick the tires on all these ships and more. Researching not just the movies, but also *Star Wars* novels, comics, computer games, et al., Smith tirelessly details 100 different ways to get around--and dish out destruction--in the land of sandcrawlers and speeders. Descriptions of familiar vehicles ("That's no moon... it's a space station!") blend seamlessly with the more obscure (can *you* name six kinds of TIE fighters?). This is one showroom-floor tour you won't want to miss out on. --*Paul Hughes*

#### From the Inside Flap

"THAT'S NO MOON! IT'S A SPACE STATION."

But it wasn't just any space station--it was the most famous battle station in movie history, the Death Star, just one of the dozens of high-tech marvels that are found in the movies, the books, the comics, the games, and everywhere the *Star Wars* epic continues.
