### Editorial Review

#### Review

“One of the first volumes in a planned Encyclopedia of Pathology, this one covers the diseases of the mouth and teeth and includes articles on inflammatory, developmental, and neoplastic diseases and cysts. ... intended audience is practicing pathologists and pathologists in training. At the same time, it is designed to be on the front shelves of medical libraries and serve as a quick reference for other clinicians and even nonmedical readers who need a reliable source of information about pathology.” (Ivan Damjanov, Doody’s Book Reviews, June, 2016)

#### About the Author

Pieter Slootweg (1950) graduated both in medicine and dentistry. Currently he is Professor of Pathology at the Radboud University in Nijmegen, the Netherlands since 2004. Before he was Professor of Oral Pathology at the University Medical Center of Utrecht since 1995. He obtained his Board Certification as Consultant Histopathologist in 1988. The mainstream of his professional career lies in the area of Head and Neck Pathology. He has published over 230 peer reviewed papers and has written, edited, or contributed to almost 20 books in this field. His research interest is in molecular biology of head and neck squamous cell cancer and its precursor stages and surgical pathology of salivary glands and maxillofacial bones. Professor Slootweg is a member of the Editorial Board of Oral Oncology, Virchows Archives, Journal of Craniomaxillofacial Surgery, International Journal of Oral Maxillofaical Surgery, Pathology Research International, and Oral Maxillofacial Surgery. Moreover, he is member of the WHO-IARC panel on oral carcinogenesis. Recently, he was appointed to be one of the Volume Editors of the update of the WHO classification of Tumours of the Head and Neck (4th edition).

### Users Review

#### From reader reviews:

##### Edward Baca:

Why don't make it to be your habit? Right now, try to prepare your time to do the important take action, like looking for your favorite reserve and reading a e-book.
