**Plutocrats: The Rise of the New Global Super-Rich and the Fall of Everyone Else** By Chrystia Freeland

**A *Financial Times* Best Book of the Year  
Shortlisted for the Lionel Gelber Prize**

There has always been some gap between rich and poor in this country, but recently what it means to be rich has changed dramatically. Forget the 1 percent—*Plutocrats* proves that it is the wealthiest 0.1 percent who are outpacing the rest of us at breakneck speed. Most of these new fortunes are not inherited, amassed instead by perceptive businesspeople who see themselves as deserving victors in a cutthroat international competition. With empathy and intelligence, *Plutocrats* reveals the consequences of concentrating the world's wealth into fewer and fewer hands. Propelled by fascinating original interviews with the plutocrats themselves, *Plutocrats* is a tour de force of social and economic history, the definitive examination of inequality in our time.
