Editorial Review

Review

"A collection of meditations like polished stones--painstakingly worded, tough-minded, yet partial to mystery, and peerless when it comes to injecting larger resonances into the natural world."--Kirkus Reviews""""Teaching a Stone to Talk" is superb. As with the flying fish, Annie Dillard doesn't do it often, but when she does she silver-streaks out of the blue and archingly transcends all other writers of our day in all the simple, intimate, and beautiful ways of the natural master." -- R. Buckminster Fuller"The natural world is ignited by her prose and we see the world as an incandescent metaphor of the spirit...Few writers evoke better than she the emotion of awe, and few have ever conveyed more graphically the weight of silence, the force of the immaterial."-- Robert Taylor, "Boston Globe""This little book is haloed and informed throughout by Dillard's distinctive passion and intensity, a sort of intellectual radiance that reminds me both Thoreau and Emily Dickinson."-- Edward Abbey, "Chicago Sun-Times"

From the Back Cover

Kenneth Porter:

Can you one of the book lovers? If so, do you ever feeling doubt when you find yourself in the book store? Try and pick one book that you find out the inside because don't determine book by its handle may doesn't work the following is difficult job because you are afraid that the inside maybe not because fantastic as in the outside appear likes. Maybe you answer is usually Teaching a Stone to Talk: Expeditions and Encounters why because the fantastic cover that make you consider in regards to the content will not disappoint a person. The inside or content is usually fantastic as the outside or cover. Your reading 6th sense will directly guide you to pick up this book.

Kathryn Cortez:

As a pupil exactly feel bored for you to reading. If their teacher questioned them to go to the library or even make summary for some guide, they are complained. Just small students that has reading's soul or real their pastime. They just do what the trainer want, like asked to the library. They go to generally there but nothing reading critically. Any students feel that examining is not important, boring as well as can't see colorful images on there. Yeah, it is to be complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this Teaching a Stone to Talk: Expeditions and Encounters can make you sense more interested to read.
