French Tanks of World War I (New Vanguard) By Steven J. Zaloga

This title examines the emergence of the first modern tank, the Renault FT. It is a little known fact that France fielded more tanks in World War I than any other army. However, France's early tanks suffered from poor mobility and armor compared to their contemporaries. Indeed, their initial use on the Chemin des Dames in 1917 was a bloody fiasco. In spite of initial set-backs, the French army redeemed its reputation with the Renault FT.

The Renault FT pioneered the modern tank design, with armament in a revolutionary central turret and the engine in the rear. More importantly, the Renault was designed to be cheap and easy to manufacture. Discover the history of the early French armor developments and their triumphant new design, the Renault FT, that helped to turn the tide of war in the favor of the Allies.

Editorial Review

Review

“This book is definite read for anyone who wants to learn just about everything there is to know in a concise format about the French Tanks of WWI. Tank enthusiasts, modelers performing research or history buffs will find this book very interesting.” ?www.mataka.org (January 2011)

“I would recommend this book to anyone with a general interest in the history of tank warfare and highly recommend it to anyone with a particular interest in WW I allied tanks.” ?*Roger Rasor, IPMS/USA*

“An excellent look at early tanks and tank warfare. It makes for a book that is an absolute must for any armor enthusiast.” ?*Scott Van Aken, Modeling Madness*

“...an excellent survey that offers insights on the design, construction and history of early French armor developments.” ?*The Midwest Book Review*

About the Author

Steven J. Zaloga received his BA in history from Union College and his MA from Columbia University. He has worked as an analyst in the aerospace industry for over two decades, covering missile systems and the international arms trade, and has served with the Institute for Defense Analyses, a federal think-tank. He is the author of numerous books on military technology and military history, with an accent on the US Army in World War II as well as Russia and the former Soviet Union.

Users Review

From reader reviews:

Mary Gale:
