## Take It to Your Seat Common Core Math Centers, Grade K (Take It to Your Seat Math Centers) By Evan Moor

Perfect for your kinesthetic kindergartners! Help young learners grasp key math skills, and provide differentiated math practice through the fun, hands-on activities in these 12 centers. Each full-color center focuses on a skill from a Common Core State Standards math domain, such as numbers and counting, data, operations, measurement, and geometry. The easy-to-assemble centers are stored in pocket folders, making them easy to use at a table, desk, or quiet area in the classroom. After a teacher or classroom aide models how to use a center, students can complete the activity independently, in pairs, or with the guidance of the teacher. Each of the 12 centers includes: full-color center mats and task cards, an overview with lesson objectives, a student direction page that explains the center activity, a written practice activity, and a center checklist to record each students progress. Take It to Your Seat: Common Core Math Centers has been updated to address the new advanced standards and provides: an increase in the variety and complexity of activities to practice each skill in alignment with Common Core State Standards. Leveled tasks within some centers so that tasks progress in difficulty. An illustrated math concept or rule for every center to support visual learners and keep the focus on the targeted math concept or skill. The 12 centers cover the following kindergarten math skills: Numbers and Counting, Operations, Measurement, and Geometry.
