### Editorial Review

#### Review

"[A story] about two men and two women in a time-machine safari through this and other universes. But describing *The Number of the Beast* thus is like saying *Moby-Dick* is about a one-legged guy trying to catch a fish." --*National Review*

#### Praise for Robert A. Heinlein:

"One of the grand masters of science fiction." --*Wall Street Journal*

"The most influential science fiction writer of all time!" --*Locus*

#### From the Publisher

Like many people, I go way, way back with Heinlein. My very favorite book (and one that stands out in my mind--and with much affection--to this day) is *Tunnel in the Sky*. I really, really wanted to go off to explore new worlds with a covered wagon and horses, like the hero does at the very end of the book. But one of the nice things about Robert Heinlein is that he's got something for everyone. One of my best friends has a different favorite: *Podkayne of Mars*. Go figure.
