The Uses of the University: Fifth Edition (The Godkin Lectures on the Essentials of Free Government and the Duties of the Citizen) By Clark Kerr

America's university president extraordinaire adds a new chapter and preface to *The Uses of the University*, probably the most important book on the modern university ever written. This summa on higher education brings the research university into the new century.

The multiversity that Clark Kerr so presciently discovered now finds itself in an age of apprehension with few certainties. Leaders of institutions of higher learning can be either hedgehogs or foxes in the new age. Kerr gives five general points of advice on what kinds of attitudes universities should adopt. He then gives a blueprint for action for foxes, suggesting that a few hedgehogs need to be around to protect university autonomy and the public weal.

Editorial Review

Review

No book ever written has provided such a penetrating description of the modern research university or offered such insightful comments on its special tensions and problems. Anyone wishing to understand the American research university--past, present, and future--must begin with a careful reading of this book. (Derek Bok, President Emeritus, Harvard University)

Still the finest introduction available to one of America's most remarkable and least understood inventions: the research university. Probably the most learned, witty, and indiscrete book ever written by a university president, yet still wise in a way that stands the test of time. (Christopher Jencks, Northwestern University)

An updated classic written by one of the legendary figures in American higher education. Each new edition has contained important and accurate predictions. The fourth edition will be no exception. (Henry Rosovsky, Harvard University)

The Uses of the University has been the single most influential book on the American research university. Kerr, who was president of the University of California, Berkeley, during the tumult of the Free Speech Movement, gave three lectures at Harvard in 1963 defining the role of the emerging "multiversity." New layers were added to the text in 1972, 1982, and again in 1994; all are included in this edition. (John Wilson *Books and Culture: A Christian Review*)

Review

No book ever written has provided such a penetrating description of the modern research university or offered such insightful comments on its special tensions and problems. With this new edition, Clark Kerr adds to the original text with commentary on the evolution of our universities during the thirty years since the work first appeared and an analysis of the challenges that will arise in the next decade or two. Anyone wishing to understand the American research university--past, present, and future--must begin with a careful reading of this book. (Derek Bok, President, Emeritus, Harvard University)

About the Author

Clark Kerr was President Emeritus and former Chancellor and Professor Emeritus at the University of California, Berkeley. He is the former Chair of the Carnegie Commission (and later Council) on Higher Education, and the former Chair and Director of the National Commission on Strengthening Presidential Leadership under the auspices of the Association of Governing Boards of Universities and Colleges.

Users Review

From reader reviews:

Esmeralda Rossman:

Do you have favorite book? If you have, what is your favorite's book? Publication is very important thing for us to learn everything in the world. Each guide has different aim or maybe goal; it means that publication has different type. Some people feel enjoy to spend their time to read a book. They can be reading whatever they consider because their hobby is actually reading a book. Think about the person who don't like studying a

book? Sometime, particular person feel need book whenever they found difficult problem or even exercise. Well, probably you'll have this The Uses of the University: Fifth Edition (The Godkin Lectures on the Essentials of Free Government and the Duties of the Citizen).

Alan Coleman:

The book The Uses of the University: Fifth Edition (The Godkin Lectures on the Essentials of Free Government and the Duties of the Citizen) can give more knowledge and information about everything you want. So just why must we leave the best thing like a book The Uses of the University: Fifth Edition (The Godkin Lectures on the Essentials of Free Government and the Duties of the Citizen)? Wide variety you have a different opinion about guide. But one aim in which book can give many information for us. It is absolutely correct. Right now, try to closer with the book. Knowledge or data that you take for that, it is possible to give for each other; you can share all of these. Book The Uses of the University: Fifth Edition (The Godkin Lectures on the Essentials of Free Government and the Duties of the Citizen) has simple shape however you know: it has great and large function for you. You can seem the enormous world by open and read a guide. So it is very wonderful.

Brittany Belliveau:

What do you with regards to book? It is not important along? Or just adding material when you need something to explain what the ones you have problem? How about your extra time? Or are you busy particular person? If you don't have spare time to perform others business, it is give you a sense of feeling bored faster. And you have spare time? What did you do? Every person has many questions above. They need to answer that question because just their can do which. It said that about e-book. Book is familiar on every person. Yes, it is right. Because start from on pre-school until university need this The Uses of the University: Fifth Edition (The Godkin Lectures on the Essentials of Free Government and the Duties of the Citizen) to read.

Juan Hinkson:

This The Uses of the University: Fifth Edition (The Godkin Lectures on the Essentials of Free Government and the Duties of the Citizen) book is not ordinary book, you have after that it the world is in your hands. The benefit you receive by reading this book is usually information inside this book incredible fresh, you will get facts which is getting deeper an individual read a lot of information you will get. This specific The Uses of the University: Fifth Edition (The Godkin Lectures on the Essentials of Free Government and the Duties of the Citizen) without we realize teach the one who reading through it become critical in contemplating and analyzing. Don't end up being worry The Uses of the University: Fifth Edition (The Godkin Lectures on the Essentials of Free Government and the Duties of the Citizen) can bring any time you are and not make your bag space or bookshelves' become full because you can have it in your lovely laptop even telephone.
