Invasion Journal Pictorial: Normandie Album Memorial (English and French Edition) By Georges Bernage

Our first “Album Mémorial” with over 1,000 photographs appeared in July 1983, and proved to be a tremendous success. In both French and English, during a period when similar works were scarce, it sold close to 50,000 copies during the following decade. While the times may have changed, this album has taken on a mythical quality and is still fulfilling the need for a detailed description of the landing and Normandy battle. Twenty-seven years later, here is a newly updated account of this dramatic period from history in all its splendor.

REVIEWS

This new and upgraded edition of the book on the Normandy landings which first appeared July 1983 covers the entire Normandy campaign of 1944....As to be expected from a book by George Bernage the text is well researched and very informative."
