The Wedding: A Novel By Danielle Steel

Simon Steinberg, a major movie producer, and Blaire Scott, an award-winning television writer, are among the most respected couples in Hollywood. They have defied the cliches, keeping their marriage together for decades. Their children — Samantha, Scott, and Allegra — are successful and happy, but must face challenges we fear for our own children as well.

As an attorney for the stars, twenty-nine-year-old Allegra Steinberg is used to negotiating major movie deals, and fielding phone calls at all hours of the day and night. But she has little time for private life — until a chance encounter with a New York writer turns her life upside down. Suddenly , Allegra finds herself planning a wedding at her parents' Bel Air home.

As preparations begin for a September ceremony, surprise announcements and ever-increasing anxiety bring out the best and worst in everyone. But as couples in each generation of the Steinberg family struggle with broken vows and new hopes, the real meaning of Allegra's wedding emerges. For the bride, the ceremony is a bridge between her past and her future. For her parents, it is a reminder of the bond that holds them all together. And for both families, it is an opportunity for reconciliation, and new hope.

In a compelling portrait of real people on an unreal world, Danielle Steel uses Hollywood as a backdrop to reveal the dreams, the fears, and the expectations of a ceremony that unites us all and changes lives forever....

BONUS: This edition includes an excerpt from Danielle Steel's *A Perfect Life*.

Editorial Review

Amazon.com Review

Allegra Steinberg has all the real-life problems of a Hollywood mover and shaker. As the daughter of two prominent producers and the entertainment lawyer for some of the most famous stars, Allegra spends her time supporting those who stand directly in the glare of fame. When Allegra's fragile personal life starts to crumble, however, she finds the courage to turn her attentions to her own life. And when she meets Jeff Hamilton, a sincere, sexy writer, she finds a reason for self-examination. The course of true love soon takes its required detours, and Jeff and Allegra must learn to compromise, grow up, and grow together.

Once again, Steel delivers the goods: a novel full of fame, fashion, and modest passion. Though the story starts off a bit unfocused, and takes minor side trips to investigate unrelated issues, fans should find it a satisfying Steel fix. *The Wedding* has no pretensions of being anything other than what it is--a perfect read for a plane trip or a long, lazy weekend. --Nancy R.E. O'Brien

From Publishers Weekly

Steel's 48th novel (after *Irresistible Forces*), about weddings Hollywood-style, gets off to a slow start, but just when the singsong prose and bland introductory details begin to get frustrating the plot picks up steam. Beautiful, brainy lawyer Allegra Steinberg's life is one drama after another--once she gets rid of her boyfriend, philandering dullard Brandon Edwards. Her clients are superstar musicians and actors who phone her at 2 a.m. because they've fallen in love or gotten arrested or think they're being stalked. Her family are superstars, too: Mom is TV director Blaire Scott, Daddy is Golden Globe humanitarian-of-the-year producer Simon Steinberg, and then there's her 17-year-old sister, Sam, a leggy model whose pregnancy throws everyone for a loop. Steel's characters are already over-the-top, but leave it to this clever megaselling author to throw not one but three weddings into the mix. Movie stars Carmen Conners and Alan Carr elope, wig-and-polyester-style, in Las Vegas, and Sam secretly marries Jimmy Mazzoleri, who isn't the father of her baby. The centerpiece of the tale, however, is the big one, complete with an odious wedding planner, for Allegra and Jeff Hamilton, a gorgeous, soulful New York writer. Although Steel's prose is predictable, no one can gainsay her charitable heart. On the far side of tears and melodrama, everyone in the cast is redeemed and paired off--even Jeff's anti-Semitic mother and Allegra's sociopathic biological father, who richly deserve one another. Review

"Steel goes straight for fundamentals of human nature... she has her finger on the button when it comes to modern emotions - and her readers can expect a good cry" Daily Mail "For drama that tugs at the heartstrings, try Danielle Steel" Today

Users Review

From reader reviews:

Samuel Lashley:

Reading a reserve can be one of a lot of pastime that everyone in the world adores. Do you like reading book therefore. There are a lot of reasons why people enjoyed. First reading a publication will give you a lot of new details. When you read a e-book you will get new information because book is one of numerous ways to share the information or their idea. Second, reading a book will make you actually more imaginative. When

you looking at a book especially fictional book the author will bring you to definitely imagine the story how the character types do it anything. Third, you could share your knowledge to other people. When you read this The Wedding: A Novel, you may tell your family, friends and also soon about yours book. Your knowledge can inspire the others, make them reading a reserve.

Robert Dunham:

Playing with family in a park, coming to see the ocean world or hanging out with buddies is thing that usually you could have done when you have spare time, subsequently why you don't try issue that really opposite from that. One activity that make you not sense tired but still relaxing, trilling like on roller coaster you are ride on and with addition of information. Even you love The Wedding: A Novel, you may enjoy both. It is fine combination right, you still want to miss it? What kind of hang-out type is it? Oh can occur its mind hangout folks. What? Still don't understand it, oh come on its called reading friends.

Jeremy Quick:

Many people spending their moment by playing outside with friends, fun activity along with family or just watching TV the whole day. You can have new activity to shell out your whole day by looking at a book. Ugh, ya think reading a book will surely hard because you have to bring the book everywhere? It all right you can have the e-book, taking everywhere you want in your Smart phone. Like The Wedding: A Novel which is getting the e-book version. So , why not try out this book? Let's find.

Nicholas Thiede:

As a university student exactly feel bored to help reading. If their teacher expected them to go to the library as well as to make summary for some book, they are complained. Just minor students that has reading's heart or real their pastime. They just do what the trainer want, like asked to go to the library. They go to there but nothing reading really. Any students feel that reading through is not important, boring in addition to can't see colorful photographs on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this period, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this The Wedding: A Novel can make you feel more interested to read.
