### **Birth Models That Work** From University of California Press

This groundbreaking book takes us around the world in search of birth models that work in order to improve the standard of care for mothers and families everywhere. The contributors describe examples of maternity services from both developing countries and wealthy industrialized societies that apply the latest scientific evidence to support and facilitate normal physiological birth; deal appropriately with complications; and generate excellent birth outcomes—including psychological satisfaction for the mother. The book concludes with a description of the ideology that underlies all these working models—known internationally as the midwifery model of care.

From the Inside Flap

"This book is a major contribution to the global struggle for control of women's bodies and their giving birth and should be read by all obstetricians, midwives, obstetric nurses, pregnant women and anyone else with interest in maternity care. It documents the worldwide success of programs for pregnancy and birth which honor the women and put them in control of their own reproductive lives."—Marsden Wagner, MD, author of *Born In The USA: How a Broken Maternity System Must Be Fixed to Put Women and Children First*
