Editorial Review

Review

"Being aware of my language has transformed my life in unexpected ways. It has shown me where I need to heal. I learned that any unpleasant thought I had came with a corresponding unpleasant feeling. As I consciously began to change my thoughts, my feelings towards my husband grew more loving and accepting. It felt like my heart was expanding, and I saw him through compassionate eyes. Our interactions became more positive because he was open to using the same tools. Happily, we have fallen in love all over again." - Dr. Carrie Bailey, PhD, psychologist, Connect Department, Canadian Hearing Society
