Editorial Review

Review

A progressive teaching method that offers a clear roadmap through the tangles of the fretboard maze. —Gary Joyner, *Acoustic Guitar* -- *Acoustic Guitar Magazine, July 2004*

From the Author

This book clearly relates the fretboard to the same musical principles all professionals on any instrument use, teaching the practical hands-on basics without glossing over the theory every guitarist should know. It does not invent its own terminology or pattern numbering system, a problem that has lessened the value of many books like this in the past. The CAGED-based fretboard system used has world-wide recognition and a long historic basis, refined and tweaked in Musicians Institute curricula since 1977 by hundreds of instructors after its introduction by Howard Roberts in the early 1970s.

You'll cover everything you need for a rock-solid foundation, including modes and slash chords. You'll understand and play (anywhere on the neck!) any scale or chord you encounter or imagine. Besides offering you a chance to completely grasp the guitar, this method assures you will be able to communicate with other trained musicians no matter what their instrument.

The book was designed for use in three arenas: private lessons, classroom instruction, and personal study by the motivated individual. There are 22 short chapters of very gradually increasing difficulty, suitable for teaching in 20-30 minute time frames. Each chapter has modest written and playing assignments, with all the answers in the back of the book. The text was written specifically to be concise, informative, and fun, yet easily understood by non-native English speakers.

After over a year of intense work, I'm happy to present this book. Please use and enjoy it.

About the Author

Barrett Tagliarino has been an MI instructor since 1987 and was Rock Department Head at Hohner MusikSchule in Vienna, Austria in 1994. He's toured on boats, trains, and buses, by plane, van, and auto, performing countless gigs and sessions, and teaching seminars, clinics, and private lessons.

He has recorded for CD sessions, TV shows, radio commercials, and Karaoke soundtracks. His teaching skills are featured on the Starlicks instructional video, *Classic Rock Guitar Soloing*. Barrett has also been published in magazines such as *Guitar Player* and *Guitar One*.

You can grab free tunes from his first CD, *Moe's Art*, along with over 50 full-length guitar-oriented recordings by Barrett and other artists at his web site, monsterguitars.com.

Users Review

From reader reviews:

Kimberly Rubio:

With other case, little individuals like to read book *Guitar Fretboard Workbook*. You can choose the best book if you love reading a book. Provided that we know about how is important a new book *Guitar Fretboard Workbook*. You can add understanding and of course you can around the world by the book.

Absolutely right, mainly because from book you can realize everything! From your country right up until foreign or abroad you will be known. About simple issue until wonderful thing you could know that. In this era, we could open a book or searching by internet unit. It is called e-book. You can use it when you feel bored stiff to go to the library. Let's learn.

Beverly Dyar:

What do you with regards to book? It is not important together with you? Or just adding material when you need something to explain what the ones you have problem? How about your spare time? Or are you busy person? If you don't have spare time to try and do others business, it is make one feel bored faster. And you have time? What did you do? Everyone has many questions above. They need to answer that question because just their can do in which. It said that about guide. Book is familiar in each person. Yes, it is suitable. Because start from on jardín de infancia until university need this kind of Guitar Fretboard Workbook to read.

Phyllis Greenfield:

Do you one among people who can't read pleasurable if the sentence chained inside straightway, hold on guys this particular aren't like that. This Guitar Fretboard Workbook book is readable by you who hate those perfect word style. You will find the data here are arrange for enjoyable looking at experience without leaving even decrease the knowledge that want to deliver to you. The writer connected with Guitar Fretboard Workbook content conveys thinking easily to understand by many people. The printed and e-book are not different in the written content but it just different in the form of it. So , do you still thinking Guitar Fretboard Workbook is not loveable to be your top record reading book?

Lisa Loo:

Do you one of the book lovers? If yes, do you ever feeling doubt when you are in the book store? Make an effort to pick one book that you just dont know the inside because don't determine book by its include may doesn't work the following is difficult job because you are afraid that the inside maybe not since fantastic as in the outside seem likes. Maybe you answer may be Guitar Fretboard Workbook why because the amazing cover that make you consider about the content will not disappoint a person. The inside or content is fantastic as the outside or cover. Your reading sixth sense will directly show you to pick up this book.
