Editorial Review

Amazon.com Review

Lord Brocktree, the 13th novel in Brian Jacques's exciting Redwall series, brings to life the tale of how the greatest badger lord of all came to save Salamandastron, the mountain home of many heroic creatures. Everybeast will love heroic Lord Brocktree and his amazing adventure.

As the story opens, the villainous Ungatt Trunn, a menacing wildcat, has brought his powers to bear on Salamandastron, threatening the peace-loving beasts who live there.

Loneliness was everywhere. Hopelessness and an air of foreboding had settled over the western shores, casting their pall over land, sea and the mountain of Salamandastron. Yet nobeast knew the cause of it.

But all is not lost. Old Lord Stonepaw, the venerable Badger Ruler, summons the strongest of the strong to take over as lord of the mountain fortress and battle the evil wildcat. Lord Brocktree, far away from the trouble, begins to have visions that beckon him to Salamandastron. He travels there with his companion, a young haremaid named Dotti. But can he raise an army in time to smash Ungatt Trunn's terrifying Blue Hordes?

Like all the Redwall books, *Lord Brocktree* is a rollicking tale of adventure, war, magic, and beastly battles. The animal characters are sometimes brusque and brutal, and there's a strong current of darkness in the stories, as well as no-nonsense death scenes and strong language. But for fans of medieval fantasy adventure with a twist, this unforgettable series continues to satisfy. (Ages 9 and older) --*Therese Littleton*

From School Library Journal

Grade 5 Up-Jacques shows no signs of flagging in this latest tale about a Badger Lord named Brocktree, a fatally beautiful haremaid named Dotti, and an evildoing wildcat named Ungatt Trunn. Trunn and his Hordebeasts have invaded Salamandastron and caused the death of Lord Stonepaw. However, from off in the forests and meadows, help is coming. The shrews, hedgehogs, moles, river and sea otters, squirrels, and a pack of Highland hares band together with Brocktree and Dotti. Trunn is eventually defeated, and the Horde quickly disperses, leaving the "Redwall" creatures to their favorite pastimes-dancing, singing, and of course, eating. Jacques continues to have an amazing gift for keeping his story fresh. He starts this one from two different points: the invasion, and the adventures of Dotti, Brocktree, and their friends. The two stories converge near the end of the book for a thrilling conclusion. The story itself is framed as a history written by the current lord of Salamandastron. The plot is well balanced, chapters of floating on a river and feasting with friends are set in counterpoint with the horrors of war. The characters, as always, are easily defined and identified by their accents, a Jacques specialty. It may take some readers a while to figure out what everyone is saying, but they will make the effort as these beasts are all so engaging. There is no need to have read the earlier books for this one to make sense, but new readers will undoubtedly be asking for more, and fans will just eat it up.

From [Booklist](#)

Gr. 5-8. As in *Salamandastron* (1993), the struggle in the thirteenth episode of Jacques' popular Redwall saga involves the invasion and capture of the mountain fortress Salamandastron by a vicious villain. This

time, the evildoers are dastardly wildcat Ungatt Trunn and his Blue Hordes. True to the author's customary and successful formula, the story involves a desperate quest and an unlikely friendship. A brash young haremaid, Dotti (Dorothea Duckfontein Dillworthy), a self-proclaimed "fatal beauty," is on her way to Salamandastron so that her parents won't have nervous breakdowns. The great Badger Lord Brocktree, whose dreams of danger are guiding him to the same place, meets Dotti in the forest, and they join forces. As the duo make their way toward their destination, they experience a number of adventures and gather an ever-increasing army of moles, otters, hares, squirrels, and others to wage war against the evil forces. As expected, a good bit of humor and a lot of feasting leaven the bloody action. Characterizations remain true to the series, whose many fans will enjoy this "hare"-raising tale. *Sally Estes*
