Editorial Review

Review

'For coverage of all the non-e4/d4 openings this is the best single-volume work available.'

Sean Marsh reviewing Palliser's *Beating Unusual Chess Openings* for *Cleveland Chess*.

'Palliser is fast becoming one of my favorite chess openings authors. He has an upbeat attitude, a sense of humor, and a fine ability to explain plans and break down positions for the improving club player to understand and then make use of.'

Rick Kennedy reviewing Palliser's *Beating Unusual Chess Openings* for *Chessville.com*.

From the Back Cover

Are you looking to attack with 1 d4? Then look no further...

In this book Richard Palliser provides in-depth coverage of three of the most dangerous attacking set-ups available to White: the Colle-Zukertort, the Barry, and the 150 attacks. In recent years these three opening weapons have considerably gained in popularity, especially at club level, and it's easy to see why. They are fun to learn, and easy to play; they take Black away from the comfort zone of established theory; and they can all lead to devastating mating attacks against the black king. What more can you ask from an opening? Whether you are playing the White or Black side, this book tells all you need to know.

The Everyman Chess *Starting Out* series has firmly established itself as the leading guide to studying openings for up-and-coming players. These books are distinguished by their easy-to-read layout, the lucid explanations of the fundamentals, and the abundance of notes, tips and warnings to help the reader absorb vital ideas. *Starting Out* opening books are ideal for enthusiastic chess players who have little experience of the openings in question and who wish to appreciate the essential principles behind them.

*An essential guide to d4 attacks

*All the main lines are covered

*Ideal for improvers, club players and tournament players

Richard Palliser is an International Master with numerous tournament successes to his name, and in 2006 he became Joint British Rapidplay Champion. He has already established a reputation as a skilled and prolific chess writer. Previous works for Everyman Chess include *Starting Out: The Colle* and *The Complete Chess Workout*.
