Atlas of Normal Roentgen Variants That May Simulate Disease: Expert Consult - Enhanced Online Features and Print, 9e By Theodore E. Keats MD, Mark W. Anderson MD

Seeing is believing with the *Atlas of Normal Roentgen Variants That May Simulate Disease*, edited by the late Theodore Keats and Mark W. Anderson. Now streamlined into a more concise, portable print format, with a wealth of additional content online, this medical reference book's thousands of images capture the roentgenographic presentation of a full range of normal variants and pseudo-lesions that may resemble pathologic conditions, helping you **avoid false positives**. You'd be hard pressed to find a comparable image collection in any one place online.

- **Make the correct diagnosis** with hundreds of MR and CT correlations.
- **Recognize the entire spectrum of normal variants** with **over 6,000 images**, the largest collection available on this topic.
- **Prepare for the pitfalls of the oral exam** with an easily accessible text that's designed to help you avoid false positives.
- **Find the most essential content more quickly** with a **much more compact print volume** that covers only the **most important skeletal presentations**.
- **Access the complete contents of the book online** at www.expertconsult.com, plus
 - **Complete coverage of soft tissues**
 - **Hundreds of additional skeletal images**

Browse the best collection of normal variants in the world!

Editorial Review

Review

"This is an outstanding atlas that is probably the top reference of its kind in the field. The quality of the cases is excellent. Previous editions are present in most departments, and I am sure this one will be, too. This update has been revised sufficiently to justify the new edition."

- Bennett S. Greenspan, MD, MS, Medical College of Georgia

5 Star -Doody's Rating, March 2013

About the Author

Mark W. Anderson, MD, Harrison Distinguished Teaching Professor of Radiology; Chief, Musculoskeletal Imaging, Professor of Orthopaedic Surgery, University of Virginia, Charlottesville, Virginia

Users Review

From reader reviews:

Nancy Smith:
