**Biology Today: An Issues Approach** By Eli C. Minkoff, Pamela J. Baker

This innovative text helps students make the connections among the fields of biology, the interdisciplinary nature of today's biology, and the intimate connections between biological and social issues. *Biology Today: An Issues Approach* instills in students the feeling that biology is both interesting and relevant to their lives, and that a further understanding of biology can be rewarding rather than burdensome. Additionally, the text builds an excellent foundation for upper-level courses by teaching all the basics necessary for understanding advanced material while fostering the understanding of biology as a process of discovery.

### **Editorial Review**

#### **About the Author**

Eli C. Minkoff is Professor of Biology at Bates College. He received his bachelor's degree, Magna Cum Laude, from Columbia University and his MA and PhD from Harvard University. A member of Phi Beta Kappa and the Society for the Study of Evolution, Dr. Minkoff has published several books as well as many articles in scholarly journals and encyclopedic reference works.

Pamela J. Baker is Professor of Biology at Bates College. She holds two Bachelor of Science degrees (from the University of Wales at Swansea, Magna Cum Laude, and from Bates College, Cum Laude). She also holds an MA and PhD from the State University of New York at Buffalo. Her research focuses on the function of the immune system in bone diseases such as periodontal disease and on the investigation of new antimicrobial agents.

### **Users Review**

#### **From reader reviews:**

##### **Kenneth Hand:**
