**Don't You Believe It!** By Eric Metaxas, Marc Dennis

Backward-flowing waterflows! Invisible monuments! Ferocious meat-eating deer! A chicken egg in the shape of the Taj Mahal! Eric Metaxas has combed the far corners of the known and the unknown world to assemble this bookful of startling and uncanny phenomena. Marc Dennis has converted them into mind-bending, eye-popping drawings. Are they possible? Don't You Believe It! Illustrations.

### Editorial Review

#### Amazon.com Review

Certain ideas have been done to death, and parody as a form is particularly susceptible to this pitfall. But when a book takes an oft-attempted task and does it well, there is extra cause for celebration. Eric Metaxas and Marc Dennis's *Don't You Believe It!* accomplishes just such a feat.

*Don't You Believe It!* parodies the venerable Robert Ripley's "Believe It or Not!" newspaper cartoons that have been running (and parodied) since 1918. Metaxas and Dennis deserve kudos for following the oft-broken, but essential rule of parody: the send-up must mimic the original in every way--except content. And *Don't You Believe It!* looks and sounds just like Ripley's; the attention to detail, down to the oddly stilted, old-time quality of Metaxas's text, makes the book's looniness downright sublime.

If you're not familiar with the original Ripley's cartoons, *Don't You Believe It!* is likely to leave you cold or at least a bit puzzled. But if you've ever read about the man who wore candles for a hat or the miner who got a steel bar lodged in his skull, this parody will have you laughing hard. Consider this phenomenon: "The Loco Schoolmaster, a hill in Paxtua, Mexico, gives travelers who ascend to its peak the temporary illusion of being much more educated than they actually are."

If you aren't entertained by geographic features, try wildlife: "Tanu, a pet goat in the village of Murai, Uganda, is the legal guardian to each of the village's 78 inhabitants--she rose to this position through a series of maneuvers so stunningly Machiavellian in their nature that the entire region was turned upside down--and all who opposed her lost their lives!" *Don't You Believe It!* will tickle you--believe it!

### Users Review

#### From reader reviews:

##### Pamela Steele:

What do you consider book? It is just for students since they are still students or the idea for all people in the world, what the best subject for that? Simply you can be answered for that issue above. Every person has several personality and hobby per other. Don't to be pressured someone or something that they don't desire do that.
