**Environmental Law and Policy, 3d (Concepts and Insights Series)** By James Salzman, Barton H. Thompson Jr.

This product provides a user-friendly, concise treatment of environmental law. The authors provide a broad conceptual overview of environmental law while also explaining the major statutes and cases. The book is intended for students (both graduate and undergraduate) seeking a readable study guide for their environmental law and policy courses; professors who do not use casebooks (relying on their own materials or case studies) but want an integrating text for their courses or want to include conceptual materials on the major legal issues; and practicing lawyers and environmental professionals who want a concise, readable overview of the field.
