Margaret Atwood: Feminism and Fiction. (Costerus New) By Fiona Tolan

Margaret Atwood: Feminism and Fiction takes a new look at the complex relationship between Margaret Atwood's fiction and feminist politics. Examining in detail the concerns and choices of an author who has frequently been termed feminist but has famously rejected the label on many occasions, this book traces the influences of feminism in Atwood's work and simultaneously plots moments of dissent or debate. Fiona Tolan presents a clear and detailed study of the first eleven novels of one of Canada's most prominent authors. Each chapter can be read as an individual textual analysis, whilst the chronological structure provides a fascinating insight into the shifting concerns of a popular and influential author over a period of nearly thirty-five years.
