Editorial Review

Amazon.com Review

Johanna Spyri's classic story of a young orphan sent to live with her grumpy grandfather in the Swiss Alps is retold in its entirety in this beautifully bound hardcover edition. *Heidi* has charmed and intrigued readers since its original publication in 1880. Much more than a children's story, the narrative is also a lesson on the precarious nature of freedom, a luxury too often taken for granted. Heidi almost loses her liberty as she is ripped away from the tranquility of the mountains to tend to a sick cousin in the city. Happily, all's well that ends well, and the reader is left with only warm, fuzzy thoughts. Spyri's story will never grow wearisome--and this is a very appealing edition. --Naomi Gesinger

From Publishers Weekly

This truncated retelling of orphan Heidi's simple life in the Swiss Alps and her sojourn in the big city seems almost as indebted to the Shirley Temple film as to Johanna Spyri's 1880 novel. Krupinski's (A New England Scrapbook) heroine mimics Temple, curls, button nose and all, though she lacks the actress's expressive smile and gestures. Similarly blank-faced characters contrast with Krupinski's serene, lushly idealized landscape paintings: the people seem like wax dolls, but the glowing blankets of flowers make the Alps heaven on earth. The text emphasizes the sensual joys of fresh goat's milk, fir trees "with their piney scent," Heidi's sweet-smelling bed in her grandfather's hay loft, etc., but that is its only demonstrable strength. Both Heidi's relationship with her grandfather and the idealized subplot about wheelchair-bound Klara's learning to walk are woodenly described; little space is given to dialogue and even less to Heidi's emotions. The plot, too, is severely condensed: "Many more good things happened after that day." The book succeeds as a portrayal of the joys of mountain life, but otherwise fails to do justice to Spyri's story of a girl's courage and persistence. Ages 5-9.

From School Library Journal

PreSchool-Grade 3—The text in this picture-book version of the story flows smoothly while incorporating many incidents from the original. Dusíková's watercolor illustrations feature rosy-cheeked children, cuddly goats, and flowering hillside pastures. The images enhance the narrative and reveal enough in themselves for browsers to understand the basic plot. Although not an essential purchase, the book provides an attractive option for those wishing to introduce the classic tale to a young audience.—Kathy Piehl, Minnesota State University, Mankato

From reader reviews:

Leonie Blazek:

Here thing why this Heidi are different and trusted to be yours. First of all studying a book is good nevertheless it depends in the content than it which is the content is as yummy as food or not. Heidi giving you information deeper as different ways, you can find any guide out there but there is no reserve that similar with Heidi. It gives you thrill looking at journey, its open up your eyes about the thing this happened in the world which is probably can be happened around you. You can easily bring everywhere like in playground, café, or even in your means home by train. If you are having difficulties in bringing the branded book maybe

the form of Heidi in e-book can be your choice.

Ruth Coleman:

Spent a free time for you to be fun activity to try and do! A lot of people spent their down time with their family, or their particular friends. Usually they carrying out activity like watching television, planning to beach, or picnic inside park. They actually doing same every week. Do you feel it? Do you want to something different to fill your free time/ holiday? May be reading a book might be option to fill your free time/ holiday. The first thing you will ask may be what kinds of e-book that you should read. If you want to try out look for book, may be the publication untitled Heidi can be fine book to read. May be it is usually best activity to you.

Aaron Edgington:

Do you have something that you prefer such as book? The publication lovers usually prefer to decide on book like comic, quick story and the biggest one is novel. Now, why not attempting Heidi that give your pleasure preference will be satisfied by simply reading this book. Reading addiction all over the world can be said as the opportunity for people to know world far better then how they react in the direction of the world. It can't be said constantly that reading addiction only for the geeky individual but for all of you who wants to become success person. So , for all of you who want to start looking at as your good habit, you may pick Heidi become your personal starter.

Darlene Gutierrez:

Is it an individual who having spare time after that spend it whole day by means of watching television programs or just resting on the bed? Do you need something new? This Heidi can be the reply, oh how comes? A fresh book you know. You are consequently out of date, spending your time by reading in this brand new era is common not a nerd activity. So what these ebooks have than the others?
