The French & Indian War in North Carolina: The Spreading Flames of War (Military) By John R. Maass

Though most of the events in the French and Indian War took place hundreds of miles away, North Carolina was not exempt from its impact. As the European forces of France, Spain, Great Britain and their American Indian allies brought war to the New World, the colony mobilized troops, raised money, built forts and participated in several arduous military campaigns. The war had a huge influence on the colony, including a dramatic conflict between the colonial Governor Arthur Dobbs and the colonial legislature over how many troops to raise and how it would be funded. This led to an increasing sense of independence from Britain that would continue to build after the war was over. Join historian and author John R. Maass as he chronicles a significant yet often overlooked North Carolina history..
