War and Peace in Modern India: A Strategic History of the Nehru Years By Srinath Raghavan

During his seventeen years as Prime Minister, Jawaharlal Nehru led India through one of its most difficult and potentially explosive periods in international affairs. As the leader of a new state created amidst the bloodiest partition in history, saddled with new and outstanding problems, Nehru was confronting with a range of disputes which threatened to boil over.

Srinath Raghavan draws on a rich vein of untapped documents to illuminate Nehru's approach to war and his efforts for peace. Vividly recreating the intellectual and political milieu of the Indian Foreign Policy establishment, he explains the response of Nehru and his top advisors to the tensions with Junagadh, Hyderabad, Pakistan, and China. He gives individual attention to every conflict and shows how strategic decisions for each crisis came to be defined in the light of the preceding ones. The book follows Nehru as he wrestles with a string of major conflicts -- assessing the utility of force, weighing risks of war, exploring diplomatic options for peace, and forming strategic judgements that would define his reputation, both in his lifetime and after.

War and Peace in Modern India challenges and revises our received understanding of Nehru's handling of international affairs. General readers as well as students of Indian history and politics will find its balanced consideration of Nehru's Foreign Policy essential to gauge his achievements, his failures, and his enduring legacy.
