### Editorial Review

From Scientific American

...this anthology of mathematically oriented short stories and poems should delight a new generation of readers.

Review

Math can be a more rewarding source of fun and laughter than I thought possible. -- *New Scientist*

About the Author

Clifton Fadiman's prolific career as an essayist, critic, anthologist, and radio show host has spanned the last five decades. His books include *The Lifetime Reading Plan* and a collection of essays, *Party of One*. He served for many years on the board of editors of the *Book-of-the-Month Club*.

### Users Review

**From reader reviews:**

**Leah Pelton:**

Book is usually written, printed, or illustrated for everything. You can realize everything you want by a e-book. Book has a different type. We all know that that book is important thing to bring us around the world. Alongside that you can your reading talent was fluently. A reserve Fantasia Mathematica will make you to be smarter. You can feel considerably more confidence if you can know about almost everything. But some of you think which open or reading the book make you bored. It's not make you fun. Why they can be thought like that? Have you looking for best book or appropriate book with you?

**Ariane Gray:**

The book Fantasia Mathematica can give more knowledge and information about everything you want. Exactly why must we leave the best thing like a book Fantasia Mathematica? A few of you have a different opinion about publication. But one aim which book can give many info for us. It is absolutely right. Right now, try to closer with the book. Knowledge or data that you take for that, you may give for each other; you can share all of these. Book Fantasia Mathematica has simple shape nevertheless, you know: it has great and big function for you. You can seem the enormous world by available and read a guide. So it is very wonderful.

**Tony Partee:**

Reading a e-book tends to be new life style in this era globalization. With looking at you can get a lot of information that could give you benefit in your life. Along with book everyone in this world could share their idea. Publications can also inspire a lot of people. Lots of author can inspire all their reader with their story or their experience. Not only the storyplot that share in the books. But also they write about the knowledge about something that you need illustration. How to get the good score toefl, or how to teach your kids, there

are many kinds of book that you can get now. The authors in this world always try to improve their ability in writing, they also doing some study before they write on their book. One of them is this Fantasia Mathematica.

**Louis Gayman:**

Beside this specific Fantasia Mathematica in your phone, it could give you a way to get more close to the new knowledge or details. The information and the knowledge you may got here is fresh through the oven so don't always be worry if you feel like an older people live in narrow community. It is good thing to have Fantasia Mathematica because this book offers for your requirements readable information. Do you at times have book but you seldom get what it's all about. Oh come on, that won't happen if you have this within your hand. The Enjoyable agreement here cannot be questionable, like treasuring beautiful island. So do you still want to miss the item? Find this book and also read it from at this point!
