**The Dead Of Night (The Tomorrow Series #2)** By John Marsden

War rages on! The second installment of the internationally bestselling Tomorrow series is even more action-packed than the first...

A few months after the first fighter jets landed in their own backyard, Ellie and her five terrified but defiant friends struggle to survive amid a baffling conflict. Their families are unreachable; the mountains are now their home. When two of them fall behind enemy lines, Ellie knows what must happen next: a rescue mission. Homer, the strongest and most unpredictable among them, is the one to take charge. While others have their doubts about his abilities, Homer has no choice but to prove them wrong - or risk losing everything to the enemy.

## **Editorial Review**

From Publishers Weekly

In this sequel to *Tomorrow, When the War Began*, the teenagers continue their guerrilla warfare against the invading foreign army. PW said, "Though it's still a superior adventure tale, it lacks the provocative edge and hard-hitting moral challenges of the author's best work." Ages 12-up. (May) r  
Copyright 1999 Reed Business Information, Inc.

From School Library Journal

Grade 6-10. Marsden picks up right where *Tomorrow, When the War Began* (Houghton, 1995) left off. A few months have passed since Ellie and six of her friends returned from a camping trip deep in the Australian outback to find their country invaded by an unidentified, non-English-speaking nation. *The Dead of Night* opens with a brief recounting of what happened in the previous novel; two members of the group, Corrie and Kevin, are still missing. Homer, a self-appointed leader, rallies the others together to track them down. They discover that Kevin has been imprisoned, and Corrie is alive, but in a coma. The teens continue their guerrilla activities and, by the end of the story, have lost Chris, another comrade. As in *Tomorrow*, Ellie narrates and keeps a written record of the group's activities and experiences. She is a fully realized character who grows considerably in the story. She is a thoughtful, realistic protagonist who wrestles not only with the brutalities of war, but also with her own adolescence. Her feelings for Lee are particularly well done. She wants to have sex with him, but worries about the complications that could result. These realistically depicted human conflicts make the book much more than just an exciting apocalyptic adventure. In the end, only four members of the original seven remain, but they are still committed to fighting the enemy. Hope is alive. Although this sequel can stand on its own, readers of *Tomorrow* will find it far more satisfying. ?Edward Sullivan, New York Public Library

Review

'The best series for Australian teens of all time' *The Age*. Age 'a brilliant series ... gripping' *The Devonian*.  
*Devonian*

## **Users Review**

**From reader reviews:**

**Ronald Fowler:**

What do you about book? It is not important to you? Or just adding material when you really need something to explain what you problem? How about your time? Or are you busy particular person?
