The Lord of the Rings Weapons and Warfare By Chris Smith, Christopher Lee

Lavishly illustrated with 1,000 photos, paintings, maps, sculptures and sketches, most appearing here for the first time, *Weapons and Warfare* is an indispensable chronicle of *The Lord of the Rings*' many creatures, warriors, armies and battlegrounds. From the graceful and proficient Elves to the horrendous war machines of the Dark Lord, each culture's approach to warfare is explained - how they fought, why they were fighting, what armor they wore and what weapons they used against their enemies. Now you can get as close to a marauding Orc as you could ever wish, without suffering the consequences!

Treating the filmmakers' notes, designs and props as a true archive, *Weapons and Warfare* describes in detail every major conflict depicted in the film trilogy - from *The Last Alliance of Elves and Men* to the climactic *Battle of the Pelennor Fields* - each accompanied by a battle diagram from the films' chief designers.

Armed with a wealth of fascinating facts and unique imagery, and with an exclusive foreword by Christopher Lee and an introduction by the Academy Award winner Richard Taylor, *Weapons and Warfare* promises to be the most striking companion to *The Lord of the Rings* movie trilogy published to date.
