**Zero-G (Outer Earth)** By Rob Boffard

**ZERO-G is the nonstop sequel to Rob Boffard's *Tracer*, a brutal, gripping thrill-ride, where the hero moves like lightning and the consequences for failure are deadly.**

The clock is ticking down again for Riley Hale.

She may be the newest member of Outer Earth's law enforcement team, but she feels less in control than ever. A twisted doctor bent on revenge is blackmailing her with a deadly threat. If Riley's to survive, she must follow his orders, and break a dangerous prisoner out of jail. To save her own skin, Riley must go against all her beliefs, and break every law that she's just sworn to protect. Riley's mission will get even tougher when all sectors are thrown into lock-down. A lethal virus has begun to spread through Outer Earth, and it seems little can stop it. If Riley doesn't live long enough to help to find a cure, then the last members of the human race will perish along with her.

The future of humanity hangs in the balance. And time is running out.

### Editorial Review

#### Review

"Boffard's story moves lightning fast." **Publisher's Weekly on Zero-G**

"*Tracer* is the literary equivalent of a base jump: fast, exhilarating and unforgettable, and once you start it you can't stop. I loved it." **Sarah Lotz, author of *The Three*, on Tracer**

"Ludicrously fast-paced, with a brilliant sci-fi setting, *Tracer* is an absolute blast of a read." **David Owen on Tracer**

"Reading *Tracer* is like being on a rocket-propelled roller coaster and trapped in a supersonic pinball machine at one and the same time. The action flies by in a blur and leaves you as breathless and reeling as the protagonists. Riley Hale battles to save the last remnants of humanity from a homicidal maniac and a secretive suicide cult in the claustrophobic, brilliantly evoked world of a crumbling space station where danger lies around every corner. A stunning debut by Rob Boffard that never lets up, from the nerve-jangling beginning to the explosive end." **James Douglas on Tracer**

"Readers who prize the rush of an action-packed plot will have fun with this." **Publisher's Weekly on Tracer**

#### About the Author

Rob Boffard is a South African author who splits his time between London, Vancouver and Johannesburg. He has worked as a journalist for over a decade, and has written articles for publications in more than a dozen countries, including the *Guardian* and *Wired* in the UK. *Tracer* is his first novel.

### Users Review

#### From reader reviews:

##### Victor Brown:

The feeling that you get from Zero-G (Outer Earth) could be the more deep you digging the information that hide in the words the more you get considering reading it. It doesn't mean that this book is hard to understand but Zero-G (Outer Earth) giving you enjoyment feeling of reading. The article author conveys their point in specific way that can be understood simply by anyone who read the item because the author of this book is well-known enough. That book also makes your own vocabulary increase well. So it is easy to understand then can go together with you, both in printed or e-book style are available. We suggest you for having this Zero-G (Outer Earth) instantly.

##### Michael Watkins:

Information is provisions for individuals to get better life, information nowadays can get by anyone from everywhere. The information can be a expertise or any news even a concern. What people must be consider if those information which is in the former life are difficult to be find than now is taking seriously which one

would work to believe or which one the actual resource are convinced. If you have the unstable resource then you get it as your main information you will see huge disadvantage for you. All of those possibilities will not happen in you if you take Zero-G (Outer Earth) as your daily resource information.

**Julie Gooch:**

Reading a book can be one of a lot of exercise that everyone in the world enjoys. Do you like reading book thus. There are a lot of reasons why people like it. First reading a guide will give you a lot of new data. When you read a book you will get new information since book is one of many ways to share the information or maybe their idea. Second, looking at a book will make anyone more imaginative. When you looking at a book especially hype book the author will bring someone to imagine the story how the characters do it anything. Third, it is possible to share your knowledge to others. When you read this Zero-G (Outer Earth), you may tells your family, friends in addition to soon about yours book. Your knowledge can inspire the others, make them reading a e-book.

**Andrew Taylor:**

This Zero-G (Outer Earth) is fresh way for you who has curiosity to look for some information because it relief your hunger details. Getting deeper you on it getting knowledge more you know or you who still having small amount of digest in reading this Zero-G (Outer Earth) can be the light food for yourself because the information inside this particular book is easy to get by simply anyone. These books acquire itself in the form and that is reachable by anyone, that's why I mean in the e-book type. People who think that in e-book form make them feel sleepy even dizzy this e-book is the answer. So you cannot find any in reading a guide especially this one. You can find actually looking for. It should be here for an individual. So , don't miss the item! Just read this e-book style for your better life along with knowledge.
